

6th International Conference on Bioscience & Biotechnology

Pokhara, Nepal
February 6–9, 2026

Cultivating a Research Ecosystem in the Global South

The 6th biennial ICBB conference will bring together researchers, educators, entrepreneurs, policy makers and academics from around the world to discuss advancements in bioscience and biotechnology across five thematic areas: Higher Education, Human Health, Environmental Health, Plant Health, and Animal Health. ICBB 2026 marks a significant milestone as we celebrate 10 years of organising this prestigious conference series.

Call for Participation

We invite researchers to submit abstracts for presentations on original, unpublished research across our four scientific sessions. **Submissions by 5th December 2025** via the ICBB website.

General registration is also open to all. Join us in Pokhara to share your research, network with global experts, and contribute to cultivating the research ecosystem in the Global South. **Register today!**
